

October 22, 1973

700252

TO: File

FROM: H. A. Schultz *H.A.S.*

SUBJECT: 40-001 or Cal I, Place of Injection:
Apparently the injection was done at the University of California
at San Francisco

1. Cryptic notes in the file give the Hospital No. as U. C. S. F. C-116570 Path # 45.1028.
2. A table in the file relates Cal I with CH 3589, which was written by J. Crowley, H. Lanz, K. Scott, and J. G. Hamilton and is dated May 31, 1946. Two of these authors have been identified tentatively in American Men and Women of Science. Henry Lanz, whose field is medical physics, was at the Manhattan District radiation laboratory in California in 1945-48 and Kenneth Scott, a physiologist who has also been a consultant in biophysics, was a research associate in radiation at the University of California at San Francisco in 1942-48. The ANL Central Library's microcard copy of CH 3589 does not indicate the locale of the work or of the writing.
